Balance on hand Jan. 1, 1954		404.99
		\$765.64

The reason for this large balance is that bills for books ordered were not received in time to be paid before closing the books.

The schools of Bath opened for the 1953-1954 school year on Wednesday, September 9, and will close during the week of June 18, 1954, at the completion of 180 days of school.

An enrollment of 98 pupils was distributed among the three schools as follows: Bath Village—71, Carbee—11, and Swiftwater—16. Two of these pupils, one at Swiftwater and one at Bath Village are tuition pupils from the Haverhill School District.

There are three pupils from Bath attending Woodsville Elementary School, Norman, Richard and Philip Roy.

In the secondary schools, Bath has 26 students attending Woodsville High School, three at Lisbon High School, two at McIndoes Academy, and one at St. Johnsbury Academy, St. Johnsbury, Vermont, a total of 32 high school pupils.

The total resident enrollment of 133 is approximately the same as that of 1952-1953.

The teaching staff has a new member in the primary grades at Bath Village. Mrs. Josie Bowles, formerly teaching in Piermont, replaced Mrs. Johnnie Onderdonk who is currently teaching in Connecticut. Mrs. Ida Gammons continues in the intermediate grades 4

and 5, as does Miss Martha White as building principal and grammar grade teacher —grades 6-7-8.

The School Board followed the directive of the district meeting by having had erected a fence between the school building and the river bank at Bath Village. It also renovated the basement, making a much more sanitary toilet room as well as eliminating a fire hazard. New movable furniture was purchased for the 6-7-8th grade pupils as well as seats to supplement those in grades 1-2-3 to accommodate the increased enrollment in that room.

The assets of the dissolved Bath Union High School District will have been absorbed by its taxpayers in the assessment of 1955, after which the school tax rate will be the same for all taxpayers in the present Bath School District.

The school lunch program continues under the able management of Mrs. Eva Woods. It is unfortunate that the pupils in the other two buildings do not have this service, as well as other advantages not possible in the outmoded one-room buildings.

Under the guidance of the teachers, the pupils in the schools of Bath are progressing, not only academically, but also in better deportment and general mental attitudes. The improvement is also a reflection of better public relations between the parents and the school, which is most commendable.

The attendance of parents at a Parent-Teacher workshop in Woodsville was gratifying. The organization of a Bath Parent-Teacher Association should be of value in our continued efforts for better schools.

If a child is to live well with others, he must first accept himself; he must feel he is adequate. The school exists to help the child better understand and accept himself, to extend his experience in many and varied areas and to help him to work with others to satisfy common needs.

The continued efforts of the citizens to support their schools, the interest and activities of the school board in establishing school policies, and the efficient guidance by the teachers in carrying out their professional duties by developing a sound philosophy of education in the schools, is hereby acknowledged with sincere approval and appreciation.

Your attention is directed to the report of the School Nurse, which follows this report.

Respectfully submitted,

PHIL A. BENNETT

Superintendent of Schools
